

Pick your project!

There are several ways that your church or group can participate in the KidsLink Downrange project. Choose an option that best fits your group's needs, resources, and abilities.

Contact Cadence International to discuss any of these options with a staff member.

OPTION A

Kids Link CUSTOM

KidsLink Custom gives your group ultimate creative control. This project involves:

- Purchasing all supplies to create card kits yourself
- Creating individual, hand-made cards or buy creative, store-bought cards
- Shipping your kits to a designated location to be used for a special project

To cover administrative costs of the project a **\$1 donation or more** is asked for every kit.

Detailed explanations of how to create custom KidsLink Card Kits for special projects on your own are available at www.kidslinkonline.org.

OPTION B

Kids Link ONE DAY

KidsLink One Day is an event that is hosted at your location with your group (for 20 up to a few hundred people). This project involves:

- A representative from Cadence International bringing all materials, coordinating the Card Kit creation, and speaking at the event
- A commitment from your church or group to recruit attendees and supply a space for the project, as well as tables and chairs for attendees.
- A 3 hour time commitment from attendees to learn about the project and assemble kits

To cover administrative and material costs of the project a **\$5 donation or more** per kit is asked to be given by the church or group.*

*Churches/groups must also provide a pre-made note/card and 8 stamps to go in the kits. The stamps can be optional.

OPTION C

Kids Link COMPLETE

KidsLink Complete is specifically for churches or large organizations who wish to engage their congregation in participation of this project. This project involves:

- Cadence International providing all needed supplies to create KidsLink Card Kits
- Church or organization "getting the word out" about the project and having a dedicated person or persons to distribute materials and gather final completed kits and donations

To cover administrative and material costs of the project a **\$5 donation or more** per kit is asked to be given by individuals creating the kits.

*Individuals must also provide a pre-made note/card and 8 stamps to go in the kits. The stamps can be optional.

Next steps...

Contact Cadence International to ask questions or set up your project. We look forward to serving with you to help military kids connect to their deployed parents.
