

KidsLink Coordinator

Get Started & Do It Steps

1. Discuss the project with your MOPS Group and how it will impact military kids.
2. Get a feel from your group, and PLEDGE!
(www.kidslinkonline.org/pledge).
3. Sign up and register your group on the Community Forum to communicate with other Card Kit creators, MOPS Groups, and Cadence staff on progress, ideas or questions you might have. Click “Add a Group” and fill in the details of your group. Then invite your group members to join your group. Utilize the group to talk about the project, arrange meeting times, or to celebrate getting the project done together.
4. Join the Facebook KidsLink Downrange MOPS group so you can communicate with kids, soldiers, other MOPS and anyone else participating in the project.
5. Pick a date and time where you will host an event to create Card Kits. The deadline for shipments is March 1st, 2010.
6. Gather resources for making cards. See Instructions & Resources on the website for suggestions.
7. Have fun making cards!!
8. Package all necessary materials (see Instructions & Resources) by March 15th, 2010. You should receive instructions in December 2009 for where to send the Card Kits.
9. Pray for the families receiving these card kits and wait in anticipation for the child who receives your card kit to send his or her response card! This card will contain prayer requests so you can pray more specifically for the individual child.

Make sure to download the Instructions and Resources page found at www.kidslinkonline.org/help/instructions.
